I am a highly motivated and detail-oriented IT student. With a proven track record of strong communication and analytical skills, I am adept at quickly learning new technologies. I thrive in team environments and excel at problem-solving. My passion for technology drives me to seek challenging and dynamic work opportunities, where I can contribute effectively to the industry's growth and innovation.

WORK EXPERIENCE

APP DEVELOPER
August 2022 - November 2022

Hacktiv Colab Inc

- Collaborated with cross-functional teams, including project managers, and QA engineers.
- Worked on bug fixing and improving application performance.
- Participated in code reviews and daily stand-up meetings to ensure the quality of the program.

BACKEND DEVELOPER
April 2023 - July 2023

AHG Lab

- Developed and maintained RESTful APIs to facilitate seamless communication between front and backend.
- Participated in Agile development processes, including sprint planning, and daily stand-ups.
- Diagnosed and resolved complex bugs in backend code.

PROJECT

PORTFOLIO http://bit.ly/47qHZBs

HTML | CSS | JavaScript | React | Tailwind

- This website is responsive. It can be used on any device but use a Desktop for the best experience.
- This website is all about me and my latest projects.

BOTOKO https://bit.ly/43WM3dU

HTML | CSS | TypeScript | Next.js | React | Tailwind

- Built a web app for creating and sharing personalized voting lists for Halalan 2025.
- Designed for simplicity to promote informed choices among young Filipino voters.

SIMPLETODOAPP https://bit.ly/43vmeBy
